Re: 593 North State Road LLC, 593 North State Road – Town of Ossining
Site Plan Application

Dear Chairman Hougham and Members of the Planning Board:

We are in receipt of the review memo from Dan Ciarcia, P.E., dated July 21, 2021, for the above referenced project. We offer the following responses.:

1. This has been included on the current Site Condition's Sheet.
2. We are unsure of the exact material and thickness of the current parking area. We have prepared an Amended Site Plan with specific details for the proposed parking area.
3. This is included on the Amended Site Plan.
4. Runoff will be managed in the same manner as the Approved Site Plan. It will be collected by catch basins and directed to a downstream defender unit before being discharged to subsurface chambers. A swale will direct runoff from the hillside away from these chambers. As such, the Approved SWPPP shall still be applicable in the design, operation, and maintenance of the system.

We are submitting the following items for continued review by the Planning Board for the September 1, 2021 Planning Board Meeting:

- Ten copies of the short EAF;
- Ten copies of the plans titled "Amended Site Parking Plan Prepared for 593 North State Road LLC," dated 3-23-18, last revised August 23, 2021, Sheets 1-10 of 10;

In addition, we will email a copy of this submission to Sandy Anelli for distribution. We will be submitting a Landscape Plan in a future submission that will include the necessary tree replacement and screening requested for the parking lot. Please review our submission for completion and if acceptable, we look forward to discussion and consideration at the Planning Board Meeting of September 1, 2021.

If you have any questions or require additional information, please contact us. Thank you.

Yours truly,

Joseph Riina, P.E.
