## Architectural Review Board Determination

NOW FOR IT BE RESOLVED, the Architectural Review Board determines that based upon the findings and reasoning set forth below, the application for Architectural Review Board approval is granted subject to the conditions set forth below.

### I. Findings

The Architectural Review Board is familiar with the Subject property and the general vicinity and has reviewed the application in accordance with Chapter 55, Architectural Review Board, of the Town Code.

The Architectural Board has conducted an extensive review of the Applicant's proposal and finds that the Applicant has satisfactorily addressed the criteria for granting Section 55-8 of the Town Code.

In accordance with Section 55-8(A) the Architectural Review Board finds the Application took into account the natural and man-made features of the site and its surroundings, and the character of the zoning district and its peculiar suitability for particular purposes, with a view to conserving existing values and encouraging the most appropriate use of land.

Further the Architectural Review Board finds that the project meets Section 55-8 (B) and the Project:

- a. would be in harmony with the purposes of this chapter,
- b. would not be visually offensive or inappropriate because of the poor quality of exterior design;
- c. would not constitute monotonous similarity or visual discord in relation to the site or its surroundings;
- d. would not mar the appearance of the area, would not be detrimental to the character of the neighborhood; and
- e. would not prevent an appropriate development and utilization of the site and adjacent lands.

### II. Approved Plan:

Except as otherwise provided herein, all work shall be performed in strict compliance with the plans submitted to the Architectural Review Board and approved by the Architectural Review Board as follows:

- a. Foundation Floor plans, and elevations by Mark Fritz Architects dated August 22, 2023, sheets S-1, A-1 through A-3;

- c. Westchester Modular Homes details dated July 1, 2021.
