I. CALL TO ORDER – PLEDGE OF ALLEGIANCE – ROLL CALL

The Regular Meeting of the Town Board of the Town of Ossining was held on March 26, 2013 in the Police/Court Facility, 86-88 Spring Street in Ossining. The meeting was called to order at 7:30 p.m. by Supervisor Susanne Donnelly. Members of the Board present were: Councilmembers Northern Wilcher, Eric Blaha, Peter Tripodi and Geoffrey Harter. Also present were Budget Officer Madeline Zachacz and Town Clerk Mary Ann Roberts. Town Attorney Wayne Spector was absent.

II. ANNOUNCEMENTS

Supervisor Donnelly read the following statement into the record:

We have several issues in front of us that we continue to work on within the Town as well as with other municipalities and the schools.

We will continue to discuss the Highway audit at our work session on April 16th and will bring Bill Hamilton and Michael G. O'Connor together to discuss different aspects of the audit. Just a word to anyone who believes this Board is over reacting and that our asking for an explanation on thousands of dollars is a witch hunt. I say to each of you please feel free to come up to the third floor and see how hard it is for our seniors, young families, empty nesters, couples and singles to pay their taxes. This board takes their fiduciary responsibility very seriously.

This week there has been a lot of discussion on the School Resource Officer (SRO) for Ann M. Dorner Middle School (AMD). Let us make it perfectly clear there isn't a member of this Board that doesn't understand the importance of security in all of our schools.

What we are attempting to do is find an alternate way of paying for this service. We are negotiating with different municipalities and the school system so at this point we would prefer not to discuss the specifics.

We have several people here tonight to give us their opinions and comments in visitor recognition.

G. RESOLUTION REQUESTING THE TOWN BOARD OF THE TOWN OF OSSINING TO DIRECT THE TOWN ASSESSOR TO PREPARE AND SEND AN RFP TO QUALIFIED PERSONS / CORPORATIONS TO BID ON CONDUCTING A TOWN WIDE REASSESSMENT

Councilmember Harter moved and it was seconded by Councilmember Wilcher that the following be approved:

WHEREAS, property tax revenues are the primary source of funding for the County, local, school, special districts; and

WHEREAS, property taxes are comprised of two components, the municipal budget and the total taxable assessed values within the taxing jurisdiction; and

WHEREAS, the Town of Ossining has not completed a town wide reassessment of its approximate 10,000 properties since the mid 1970's resulting in the current widespread lack of public confidence in the system resulting in an inordinate number of assessment appeals; and,

WHEREAS, these assessment appeals, including Board of Assessment Review reductions, certiorari and small claims settlements, result in refunds by all tax jurisdictions amounting to approximately \$55 million countywide per year and in excess of \$4 million within the Town of Ossining for all taxing jurisdictions, not including the costs of defending values, thereby, creating a great financial burden on Town, School, and Village budgets, destabilizing the predictably of calculating annual tax rates; and

WHEREAS, lacking any degree of broader tax reform, it is assumed that the property tax will remain the dominant source of revenue for local governments, school and special districts and it is necessary and appropriate to reassess all property in the Town of Ossining, and ideally all property in Westchester County, to improve fairness and foster equal protection for property owners within and among communities, now, therefore, be it

RESOLVED, that the Supervisor and the Town Council of the Town of Ossining request that the Town Assessor prepare and advertise a Request For Proposals (RFP) to retain a professional and expert firm to conduct a revaluation of property in the Town of Ossining and provide to the Town Board results of the RFP no later than October 30, 2013.

Motion Carried: Unanimously

VI. MONTHLY REPORTS

VII. VISITOR RECOGNITION

Ms. Caroline Curvan read the following statement:

I am Caroline Ranald Curvan, the Ossining PTA Council Co-President. It being the second night of Passover, my co-President Beth Sniffin is unable to join me. But we both thought it was important to go on record regarding the Town’s decision to cease funding the SRO position at AMD Middle School. With your indulgence, I would like to read a short statement:

Everyone seems to acknowledge the need for a SRO at AMD. As any parent who has or has ever had a middle school aged child knows this is a time full of physical emotional changes. Increased pressures, both academic and social combine to create a highly charged atmosphere where emotions run high and judgment is not always mature enough to handle them constructively. Drugs, alcohol, bullying, gangs; violence-middle school is where our children really start confronting these issues.

While obviously the primary function of the SRO is to assist school staff regarding issues of behavior and security in the school, the position is far more nuanced and far reaching. The very presence of a uniformed Officer on site often acts as a deterrent to disruptive behavior, reducing the likelihood of an escalation into violence. Most importantly, the Officer dedicated to our middle school has daily contact with students, parents and staff, and is familiar with and responsive to the needs of the needs of that individual school.

The Town has acknowledged the importance of this position by choosing to fund it for the best part of the past decade. I think it's important to note that the Village of Ossining funds SROs at the schools that are within its geographical limits. It seems that in the past, the Town Board understood that AMD is part of a continuum of education offered in Ossining. And that all Ossining students pass through all the school buildings on their way to graduation. To single out one building based on its geographical location, and make the argument that only a small percentage of the student body of AMD actually live in the Town of Ossining seems miserly and shortsighted to me.

I also feel that it is simply wrong for the Town to walk away from its support of this vital position before it have been able to secure other sources of funding for it. This year, the Ossining School District has a \$3 million budget gap and is desperately trying to stay within the New York State mandated 2% tax cap. To demand that the District add funding for this position to this year's budget is simply impossible.

Bottom line, the safety of the children of Ossining should not become a casualty to jurisdictional lines or fiscal myopia.

Mr. Matt Gulotta, Emwilton Place, stated that the removal of the SRO from AMD is a bad decision. This is a multi-facet and is a deterrent to disruptive behavior. Officer Purdy is in the classroom and also teaches DARE at AMD and St. Augustine's School. He knows what goes on in the building. The position began as a grant in 1999 because of the massacre at Columbine. After the grant ran out this position was paid for by the Town of Ossining and the Ossining Union Free School District in equal parts. With the budget cap, the District is no longer able to pay their portion. An invitation has been extended to the Villages of Ossining and Briarcliff to meet with the Community. Will there be an SRO in any school and what will happen in September? That remains to be seen.

Sarah Hoffman and Alexa Rudley both 7 graders at AMD want Officer Purdy to stay and protect us. He is a friend, a hero and a role model to all of us.

Mrs. Hoffman a parent of an AMD student stated that Ossining is a safe town. Brian is funny and great to have around. Please re-evaluate your decision.

Supervisor Donnelly is speaking with everyone to determine what other communities do. This process started at budget time. They are looking into the set up of Yorktown and New Castle. New Castle has five school districts. This is a major project and the Town will fund from January to June of this year. Ossining High School has a Youth Officer who also teaches DARE to the 5th Grade Class. The Board will work with each municipality and school. The Board totally understands the concerns of the Community. Brian Purdy is a Westchester County Police Officer.

Councilman Blaha stated that your voices are heard loud and clear. He is sitting in a unique chair as he has a student at AMD. The Board is extremely aggressive. It is unfair for the SRO position to be the total responsibility of the Town Outside Taxpayer. The SRO is a vital member of AMD. The support provides a peaceful important position.

Councilman Tripodi echoed the comments of Councilman Blaha. When the Town took over the services, the SRO was also a detective who did paper work at AMD.

The School Board should fund this position. Thank you for being here. Go to the School Board and ask them to provide the service.

Supervisor Donnelly stated that a percentage should be assigned to each Community and the school should also contribute. We are willing to work with whoever is willing to work with us.
