Subject: **Report Regarding Proposed Comprehensive Plan Amendments**

The Planning Board has reviewed the proposed Comprehensive Plan amendments which the Town Board is currently entertaining and recommends that the Town Board adopt the subject amendments after due process. The Planning Board also renders the following comments regarding the Comprehensive Plan Update:

1. The Comprehensive Plan should address the provision of shuttle service from the concentrations of development in the Town to the train station.
2. In the Transportation chapter, the text which states that, "The Town should explore the enhancement of pedestrian and bicycle safety in Crotonville," should be expanded to include the rest of the Town as well.
3. The Comprehensive Plan should state that the Town of Ossining Wetlands and Drainage Map which was prepared in 1998 and has not been updated since, should be updated.

The Planning would be happy to elaborate upon this memorandum should the Town Board so desire.

Ingrid Richards, Chair, and the
Town of Ossining Planning Board
