

SUSTAINABLE OSSINING

YOUR TOWN, YOUR VISION

Thursday, April 8, 2021 • 7:30 – 9:00 PM

We heard your hopes and ideas for the Town of Ossining, now come join the Comprehensive Plan Steering Committee in an interactive evening that showcases the draft goals for building a better future for Ossining.

If you haven't participated yet, this is the time to join the conversation! If we've heard from you, come see how your suggestions have influenced the draft of a proposed vision for the Town. On April 8th from 7:30–9:00PM, the Town will host a second virtual public workshop to review the draft goals and dive deeper into the strengths and weaknesses in Ossining. The virtual workshop will be interactive so we encourage people to join the Zoom meeting through their computers to enhance their participation.
