Dear Property Owner,

As you may already be aware, the Town of Ossining is in the process of conducting the annual valuation update within the Town. Tyler Technologies has been hired to assist with this project. This effort will culminate in new assessments for many properties for the 2022 town assessment roll.

This letter is to inform you that Appraisers/data collectors & final reviewers Steve Beccio, James Steiner are employed by Tyler Technologies and will be visiting and evaluating properties located in the Town of Ossining as part of this reassessment process. Data collectors will be wearing bright yellow Tyler Technologies vests and every Tyler employee will have an ID badge.

Each Tyler employee has undergone a background check prior to the start of this project and is required to wear and display their identification badge at all times. The employee names, automobile make/model and license plates are all on file with the local Police Department. The Town is requesting your cooperation while we collect this necessary data that will ensure that property owner's pay taxes based on accurate property values.

If you have any questions that pertain to the data collector's or final reviewer's identity or the process itself, you may contact Town of Ossining Assessor's Office at 914-762-8274.

We look forward to your cooperation in this regard leading to a successful reassessment update of all real property located in the Town of Ossining.

Sincerely,

Fernando Gonzalez, IAO
Town Assessor
